Dear Exhibitor,

We are excited to announce that the 7th annual Texas Substance Use Symposium (TxSUS 2025) will be held in-person and virtually on February 27 - 28, 2025 at the Hotel Del Norte in El Paso, Texas. Each year, TxSUS convenes a spectrum of stakeholders from around the state for a multi-day event to collaborate, converse, and advance the fields of substance use and behavioral health. Centered around a core theme, **Science Matters**, this event features an array of continuing education sessions, skill-building workshops, and collaborative breakout sessions. TxSUS offers participants the chance to engage with national and local experts, connect with their peers, learn about emerging and best-practices in the field, and contribute to a critical conversation on improving care.

Your partnership is critical in continuing this unique event. As an exhibitor, you will also be connected to a large network of stakeholders within Texas and across the country dedicated to ending the burden of substance use on our communities. Visit [www.TxSUS.org](http://www.TxSUS.org) to learn more about who we are, what we do, and how you can participate.

100% of your support goes towards:

- Providing a no-cost continuing education symposium for all 900+ attendees motivated to improve substance use services and programs in Texas and beyond
- Funding travel for top national expert speakers to deliver essential insights to Texas communities
- Underwriting additional costs associated with the event (wi-fi, conference refreshments, audio-visual, speaker costs, etc.)

Your support of TxSUS is an opportunity to join with other leaders, organizations, and networks in our community to make a bold pledge to identify challenges, educate across Texas, and strengthen our commitment to evidence-based care. We're excited to welcome you to TxSUS 2025 and look forward to seeing you there! Thank you for supporting this important event.

For any questions, please contact us at: [TxSUS@uthscsa.edu](mailto:TxSUS@uthscsa.edu).

Sincerely,

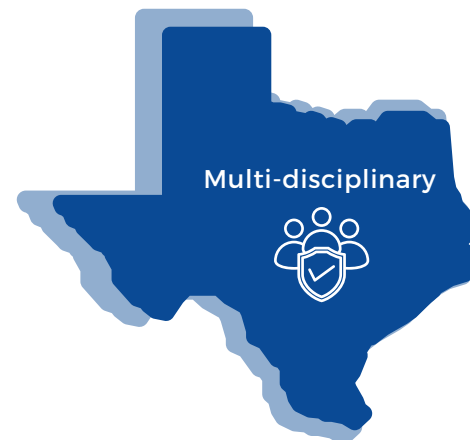

**Jennifer Sharpe Potter, PhD, MPH**  
Vice President for Research

**\*Notice of Independence from pharmaceutical companies, distributors, biomedical and device manufacturers.**

The Texas Substance Use Symposium (TxSUS) and its collaborators adhere to strict guidelines in relation to commercial independence for all continuing education programs and events. In an effort to ensure attendees view the program as clear of potential or perceived bias, TxSUS and its collaborators have decided not to allow pharmaceutical companies, distributors, biomedical, and healthcare-related device manufacturers to serve as Sponsors of the symposium. However, these entities may take part in exhibiting for a fee and their support will be disclosed to attendees in the format described up above.
